## THE PROCEDURE IN THE NATIONAL PHASE

**AM.01 TRANSLATION (CORRECTION).** Errors in the translation of the international application can be corrected with reference to the text of the international application as filed (see National Phase, paragraphs 6.002 and 6.003).

**AM.02 FEES (MANNER OF PAYMENT).** The manner of payment of the fees indicated in the Summary and in this Chapter is outlined in Annex AM.I.

**AM.03 EXAMINATION.** The international application is subjected to formal examination, and a patent shall be granted if the international application also, on the face of it, meets patentability requirements. For this purpose, the prior art is being defined as materials at the examiner's disposal. To maintain this patent, the owner of a patent or holder of exclusive rights shall, before the end of the ninth year of the patent term, furnish written evidence (e.g. a national patent) issued by one of the Authorities which enjoys the status of International Preliminary Examining Authority under Article 32 of the PCT, indicating that the application meets patentability requirements.

**AM.04 POWER OF ATTORNEY.** An agent must be appointed by filing a power of attorney if the applicant is not resident in Armenia. A model is given in Annex AM.II.

PCT Art. 28  
41  
ALI Art. 51

**AM.05 AMENDMENT OF THE APPLICATION; TIME LIMITS.** Amendments and corrections to the description, claims and drawings may be made during the period of formal examination provided that the scope of the subject matter of the application is not broadened thereby.

**AM.06 ANNUAL FEES.** The first annual fee must be paid simultaneously with the fee for grant of patent or before the beginning of the second year of the patent term, whichever occurs later. Payment can still be made, together with a 50% surcharge for late payment, within six months from the due date. The amounts of the annual fees are indicated in Annex AM.I.

PCT Art. 24(2)  
48(2)  
PCT Rule 82*bis*  
ALI Art. 36

**AM.07 EXCUSE OF DELAYS IN MEETING TIME LIMITS.** Reference is made to paragraphs 6.022 to 6.027 of the National Phase. Delays in meeting time limits during the examination stage may be excused within a period of two months after receipt of the notification of the legal consequences of failure to meet the time limit, and upon payment of the corresponding fee indicated in Annex AM.I.

PCT Art. 25  
PCT Rule 51  
ALI Art. 5

**AM.08 REVIEW UNDER ARTICLE 25 OF THE PCT.** The applicable procedure is outlined in paragraphs 6.018 to 6.021 of the National Phase. In the case of disagreement with the final decision of the Office, the applicant has the right, within three months from receipt of the decision, to appeal to the Council of Appeals of the Office upon payment of an appeal fee as indicated in Annex AM.I. If the applicant disagrees with the decision of the Council of Appeals of the Office, he may, within six months from receipt of the decision of the Council, appeal to the court.

**AM.09 UTILITY MODEL.** If the applicant wishes to obtain a utility model instead of a patent in Armenia, on the basis of an international application, the applicant, when performing the acts referred to in Article 22 or 39, shall so indicate to the Office. A utility model is granted on the basis of the results of a positive written opinion on preliminary examination established during the international phase.

ALI Art. 52

**AM.10 CONVERSION.** The applicant may, before the date of the decision taken by the Office granting the patent, submit a request to the Authorized Body to convert the patent application into a utility model application. The utility model application may be converted into a patent application at any time before the decision to grant is taken. The converted application shall have the priority date of the date of the initial application.

**AM.11 NUCLEOTIDE AND AMINO ACID SEQUENCES.** Where the international application contains disclosure of one or more nucleotide and/or amino acid sequences, the applicant must furnish a sequence listing as a separate part of the description in electronic form.
